

ASPC Minutes: 9/13/2008

Meeting called to order: 7:47pm by VP Ben Kellogg

Sec Report: The minutes were read and accepted

Treasurers' Report: N/A...Cassie reported that too many active people (9) are well into the red, and we need to observe the "Naughty List" and enforce it, including the club Secretary who is well into the red. The list will be posted. Please pay your bill.

Pop & Beer Report: N/A...Ben said that he would not be buying much more stock this season since it is winding down.

Old Business:

1. Robb Scherer, said it was "darn good food"! Robb will be writing his book "The Red Neck Gourmet" this winter. The fun meet was fun and Henry Landgraff won for \$70. Second place was a three-way tie. We don't know what they got. It was safe; no one was hurt (except for pride) the weather was perfect. The demo went well. 34 loads for the day, and not one big-way, which was probably good.

New Business:

1. Cassie reported on the world meet in Slovakia. She said the food was better this time. Hot dogs for breakfast, but no substitutions please. The toilets were better too! The men's team was 13th overall out of 29. The women's team was 3rd overall with team members placing 2nd overall and 2nd in style. Rick, Jim and Jimmy enjoyed the experience.

2. Cassie pointed out that "we" (the secretary) needs to send out letters to people who are in the red for well over a year. These are people who have moved away or put jumping on hold and still owe for jumps. If they are done we need to know so we can write them off of the books. The Secretary pointed out that the last time he sent letters out, he was almost lynched. Cassie suggested a nicer format. The secretary needs a list of perpetrators.

3. Ben suggested that we get the furnace serviced. No one could remember the last time anyone looked at it. Better safe than dead.

4. Ben also suggested that we have smoke detectors installed. We had them but they are gone now. We have a co2 detector but has it been tested lately? Ben said he would look for new smoke detectors.

5. Cassie reported that the banquet will be the second week in March at the East Liverpool Motor Lodge. The deposit has been made. Safety day will be the next day. Paul Waschak said "Oh Boy!" there will be lots O' hung-over people there.

6. Paul Waschak made mention to watch out for the cow patties lying around. It seems the cow got out of the barn.

7. Paul Waschak made it known that Ben Kellogg owes lots O' beer. This past week he made his first paying video, put out his first static line student, and put out his first clear and pull (All of which was under the direct supervision of a qualified instructor of course.) A discussion followed about students and Cassie recalled her first student on clear and pull, which was two weeks ago (also under the direct supervision of a qualified instructor) "He pulled his *&(%#@&! reserve!" Since then the practice ripcords have been modified to be even more like the real ripcords. Rudy actually touched his ripcord twice before pulling the reserve, but it is assumed that it didn't feel like the practice ripcords of old, hence the change. Rudy hasn't been seen in awhile.

8. Henry Landgraff talked a bit about the demo at Quaker Steak & Lube. He was impressed by the absolute skill and attention to detail the ground crew (Paul Waschak & Cassie Drummond) had. He also marveled at the precision Jimmy Drummond demonstrated, but he still can't figure out how to fold up the flag. Seriously, the demo was very tight and the owners were impressed, as was the

crowd.

9. Paul Waschak announced that he heard on the news that crime was running rampant in New Middletown and New Springfield. It seems that drugs are causing a rash of burglaries in the area. He suggested locking your lockers and cars.
